#sg_art_of_visualization

D58 (2021-03-02): Continued with lesson 4.

I encourage @Jagadeesh R and @joro to follow this path!

#60daysofudacity #DataTrack #aiuo #datascience #sg_phd_corner
#sg_art_of_visualization

D57 (2021-03-01): Reviewed several jupyter notebooks covering topics such as the data life cycle, data processing, linear and logistic regression.

I encourage @Loni and @Julie to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D56 (2021-02-28): I finished the Datacamp course: "Intermediate Importing Data in Python"

I encourage @Belinda Dewi and @Peter.V to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D55 (2021-02-27): Started with lesson 4... The last one!

I encourage @Valentina and @Cornelius Lazarus to follow this path!

#sg_art_of_visualization

D50 (2021-02-22): Officially begun the 3rd semester of my Master's in DS at @Universitat Oberta de Catalunya. This time I'm covering the following subjects:

- Advanced data mining models
- Data Science Fundamentals
- Scripting programming

I encourage @Carmen K. Ma and @Whitney Evans to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D49 (2021-02-21): Successfully installed the Alteryx Designer x64 with the Alteryx for Good Designer License. Very excited to learn its functionalities.

I encourage @Faye Yin and @Andrea Chou to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D48 (2021-02-20): Continued with lesson 3.

I encourage @Eman and @Mercy Olaleye to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D47 (2021-02-19): Had a meeting with my Data Engineering Training group, I've got to present some projects where I'll use apache spark, apache beam and the GCP services.

I encourage @Monika Zofal and @Michelle Boose-McKesson to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D46 (2021-02-18): Had a follow-up session with the Epitech guys and also with the students from the course I am teaching at #DiscienceEcuador.

I encourage @Gustavo and @Ameenah to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D45 (2021-02-17): Completed the Data Insights Module of the [KPMG Virtual Experience Program](#).

I encourage @Gustavo and @Ana João to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D44 (2021-02-16): Reviewed some key concepts about DS.

I encourage @athipat.v and @Ha Nguyen to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D43 (2021-02-15): Continued with lesson 3.

I encourage @Andre Vador de Oliveira and @Julien Faucheux to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D42 (2021-02-13): Started with lesson 3.

I encourage @Muhammad Zain Tariq and @Wilson A Zuleta to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D41 (2021-02-12): Finished lesson 2.

I encourage @Gabrielle Lima and @Franzi to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D40 (2021-02-11): Taught my second on-line class for #DisclenceEcuador. Today's topics include Unix, terminal, bash and CLI in different linux flavors.

I encourage @Tim Schröder and @Thuy Tran to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

DAY 39 (2021-02-10): Continued with lesson 2.

I encourage @Diana C. and @Ernest to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D38 (2021-02-09): Reviewed some google collab notebooks for the DS course I am supervising.

I encourage @Trang and @Ursula Holzer to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D37 (2021-02-08): Had a weekly AI6 Quito meeting where we set some agreements previous to launching our DL+RL 2021 workshop.

I encourage @Irina La Touf and @Pamela Dekpo to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D36 (2021-02-07): Continued with lesson 2.

I encourage @Roumaissaa Madoui and @Kimberly Cris Estrella to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D35 (2021-02-06): Had my first on-line class for #DiscienceEcuador, Everything went smoothly and the people are excited to learn about biological data manipulation.

I encourage @Viktoriia-Iryna Turkoliak and @birozso to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D34 (2021-02-05): Had a meeting with my Epitech team, the DS module we have developed is getting better day by day!

I encourage @Max Bergmann and @Haseeb Ahmed Khan to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D33 (2021-02-04): Had a meeting with my Data Engineering Training group. Created accounts on ORCID and Google Scholar. I invite you all to read my publications.

<https://orcid.org/0000-0002-5297-0426>

<https://scholar.google.com/citations?user=H20j7CUAAAAJ&hl=en>

I encourage @Cláudio Guarda and @Harshit Kumar to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D32 (2021-02-03): Read this [paper](#).

I encourage @iyiola_daniel and @Erika F. to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D31 (2021-02-02): Had my weekly AI6 meeting, it seems that for this year's workshop we will cover DL+RL.

I encourage @Richard and @Depender Kumar Soni to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D30 (2021-02-01): [HALF-WAY TO FINISH THE CHALLENGE]... Started with lesson 2: Selecting an Analytical Framework.

I encourage @Rosaria and @Rosana Santos to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D29 (2021-01-31): Finished lesson 1.

I encourage @Uchenna Duru and @Ursula Holzer to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D28 (2021-01-30): Continued with lesson 1 after a while.

I encourage @Bibi and @Alejandro Juárez to follow this path!

#60daysofudacity #DataTrack #aiuiio #datascience #sg_phd_corner
#sg_art_of_visualization

D27 (2021-01-29): Getting all set up for launching my first on-line course at #DiscienceEcuador. It will cover both AI and Life Sciences topics.

I encourage @Haoma Worgwu and @Peace Peters to follow this path!

#60daysofudacity #DataTrack #aiuiio #datascience #sg_phd_corner
#sg_art_of_visualization

D26 (2021-01-28): Had my weekly meeting where we are planning some lectures for academic modules in DS, ML and DL.

I encourage @Adrian Sowa and @Nicky Bass to follow this path!

#60daysofudacity #DataTrack #aiuiio #datascience #sg_phd_corner
#sg_art_of_visualization

D25 (2021-01-27): Finished successfully my 30 ECTS second semester of the Master in Data Science at @Universitat Oberta de Catalunya. This semester was comprised of the following subjects:

1. Programming for data science
2. Design and use of analytical databases
3. Data Types and Life Cycles
4. Advanced Statistics
5. Data Visualization

I encourage @Gali Sztern and @Zingo Tropus to follow this path!

#60daysofudacity #DataTrack #aiuiio #datascience #sg_phd_corner
#sg_art_of_visualization

D24 (2021-01-26): had my weekly AI6 meeting and another one where we discussed a data analytics project using datasets from [here](#).

I encourage @Regine and @Konstantin Gavras to follow this path!

#60daysofudacity #DataTrack #aiuiio #datascience #sg_phd_corner
#sg_art_of_visualization

D23 (2021-01-25): Learned about [Reinforcement Learning](#).

I encourage @Uchenna Duru and @FatouKaneLo to follow this path!

#60daysofudacity #DataTrack #aiuiio #datascience #sg_phd_corner
#sg_art_of_visualization

D22 (2021-01-24): worked editing some academic material for [Epitech](#).

I encourage @Yididya and @kenny yafer lopez rayo to follow this path!

#60daysofudacity #DataTrack #aiuiio #datascience #sg_phd_corner
#sg_art_of_visualization

D21 (2021-01-23): Prepared for a Health Informatics test about this paper <https://www.nature.com/articles/s41591-018-0213-5>

I encourage @Don Angeles and @Gerardo Valencia to follow this path!

#60daysofudacity #DataTrack #aiuiio #datascience #sg_phd_corner
#sg_art_of_visualization

DAY 20 (2021-01-22): Had an onboarding meeting with the [Al6 team for 2021](#) where we will launch an AI workshop in the upcoming months.

I encourage @Bea Groenewald and @Tamara Breimhorst to follow this path!

#60daysofudacity #DataTrack #aiuiio #datascience #sg_phd_corner
#sg_art_of_visualization

DAY 19 (2021-01-21): Had the monthly journal club meeting with RSG-Ecuador where we discussed the paper: [“Improved protein structure prediction using potentials from deep learning”](#)

I encourage @MOSTAFA KAREM MAHMOUD MOHAMED and @Mia to follow this path!

#60daysofudacity #DataTrack #aiuiio #datascience #sg_phd_corner
#sg_art_of_visualization

D18 (2021-01-20): I worked with web design for the society of computational biology I am part of. I invite you to [visit it](#) and give me some feedback =D

I encourage @northern-flower and @José Pablo Gómez B. to follow this path!

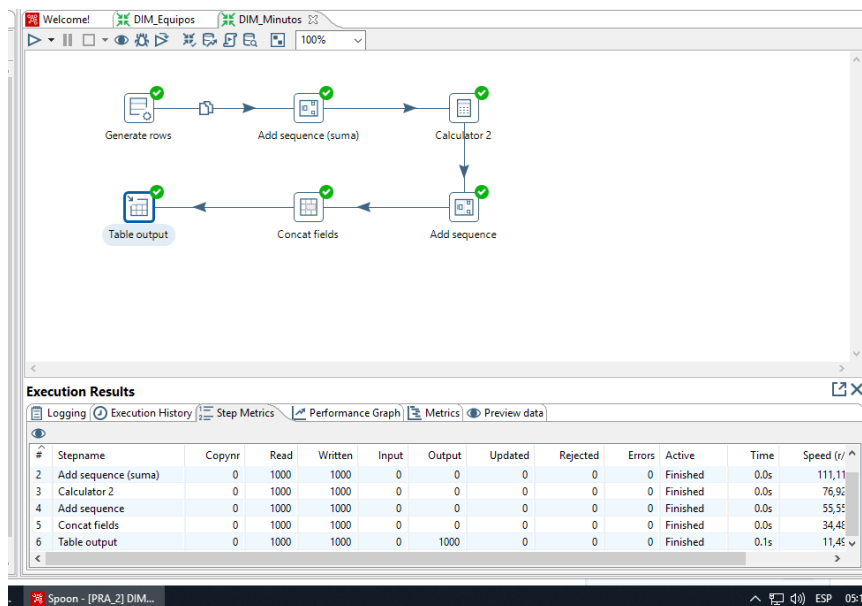

#60daysofudacity #DataTrack #aiuiio #datascience #sg_phd_corner
#sg_art_of_visualization

D17 (2021-01-19): Joined the monthly meeting of [Saturdays.ai](#) City Leads where all the latinamerican leaders discussed the IoT, ML and DL workshops to be launched in 2021.

I encourage @Debo Falode and @Florin Puica to follow this path!

#60daysofudacity #DataTrack #aiuo #datascience #sg_phd_corner
#sg_art_of_visualization

D16 (2021-01-18): Continued developing an ETL pipeline. This is how a successful process looks like on PDI:

I encourage @MisanJ and @Ursula Holzer to follow this path!

#60daysofudacity #DataTrack #aiuo #datascience #sg_phd_corner
#sg_art_of_visualization

D15 (2021-01-17): Created facts and dimensions for a project involving analytical databases.

I encourage @Homar Karidioula and @Rosana Santos to follow this path!

#60daysofudacity #DataTrack #aiuo #datascience #sg_phd_corner
#sg_art_of_visualization

D14 (2021-01-16): Worked integrating different data file formats and developing an ETL pipeline using basketball related data.

Datasets are published here: <https://stats.nba.com/> , <https://stats.wnba.com>

I encourage @Guilherme Oliveira and @Rosaria to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D13 (2021-01-15): Watched [this video](#) about Deep Learning and Neural Networks.

I encourage @Yannic Schlegel and @Tracey Mukuru to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D12: (2021-01-14): Continued with Lesson 1, had a meeting with my Big Data Training Team.

I encourage @Xavier Herrera and @Alexander to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D11 (2021-01-13) : worked with the analysis of [this data](#).

I encourage @Gabriela Urquieta and @Richard to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D10 (2021-01-12): Attended my weekly session of [Saturdays.AI](#) the artificial intelligence community I am part of and discussed prospective projects using machine/deep learning.

I encourage @Yesirat Ganiyu and @Victor Garcia C. to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D9 (2021-01-11): Continued working with [this dataset](#) on PyCharm.

I encourage @Yesirat Ganiyu and @amel juini to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D8 (2021-01-10): Learned and practiced about the [Unit testing framework](#).

I encourage @Simply Sarah and @Uzodimma to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D7 (2021-01-09): Configured a new VM with Xubuntu to work with some DS projects.

I encourage @ and @ to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D6 (2021-01-08): I worked with a python final project that I'm doing using [this dataset](#).

I encourage @Konstantin Gavras and @Fii to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D5 (2021-01-07): As part of my Master's in DS I was assigned to watch three speeches: I paste the links over here and I recommend you to watch them if you have the time.

- The wonderful and terrifying implications of computers that can learn | Jeremy Howard: <https://www.youtube.com/watch?v=t4kyRyKyOpo>
- Machine intelligence makes human morals more important | Zeynep Tufekci: <https://www.youtube.com/watch?v=hSSmmlridUM>
- The problem with "Trickle-down techonomics" | Jon Gosier: <https://www.youtube.com/watch?v=POTosC2q6Hs>

I encourage @Carlo Ertola and @Eze Favour to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D4 (2021-01-06): Worked with a project using python for file parsing. Check out my Github repo [here](#).

I encourage @Alexander Z. and @Kaja to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D3 (2021-01-05): continued with lesson 1: The Analytical Problem.

I encourage @WAFULA TITUS and @Feyitimi Victor Dimeji to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization

D2 (2021-01-04): Finished a DataViz project today. You can check my tableau repo [here](#).

I encourage @Jiska Hachmer and @polapob ratanachayoto to follow this path!

**#60daysofudacity #DataTrack #aiuio #datascience #sg_phd_corner
#sg_art_of_visualization**

D1 (2021-01-03): I accepted the challenge and began with lesson 1: The Analytical Problem.

I encourage @Fares.G and @Yusuf to follow this path!

#60daysofudacity #DataTrack #aiuio #datascience
